Patna

Class 12

- 95.2 %

### Matriculation

Litera Valley School

04/2017 - 05/2018

Patna

Class 10

- 90 %

## PERSONAL PROJECTS

### College Portal

- Done this project during my 6th semester. Due to lack of interactive user interface and lack of facilities in the existing college data portal.
- Used Express JS, HTML, CSS, javascript, MongoDB to build a college portal from scratch.

### Portfolio Website

- Developed a portfolio website for me to showcase introduce myself to others and let them know about me.
- Website link: [Aditya Raj \(aditinni.github.io\)](https://aditya-raj.github.io)

### Society Management

- Developed a Society Management System to streamline operations in residential communities. The system allows for efficient resident information management, complaint logging. Built the user interface using Java Swing and implemented data storage and retrieval using MySQL.
- Technologies used: MySQL and Java swing

### CV generator using DJANGO

- I learnt Django during my 6th semester, it was in our course as a subject. From the learnings tried to build a CV generator.
- It takes information from the user and download a pdf format of the resume.

## SKILLS

JAVA

HTML

CSS

Javascript

OOPS

Node JS

MongoDB

MySQL

Express JS

Computer Networks

Django

Operating System
